

THIRTY-SEVEN DEAD IN MICHIGAN CENTRAL AND N. Y. CENTRAL WRECK

Discrepancy Between This Number and That of Forty Announced Earlier Due to Badly Mutilated Bodies—Engineer and Fireman of M. C. Tell Story to Officials.

(By The Associated Press)
PORTER, Ind., Feb. 28.—A complete check-up by railroad officials and the coroner of the bodies in the Chesterton morgue at nine o'clock tonight revealed that there were not more than thirty-seven known dead in the Michigan Central-New York Central wreck last night.

The discrepancy between this count and the one of more than forty previously announced by Coroner H. O. Seipel was found to be due to the mutilated condition of some of the dead, in some cases a body badly mangled had been counted as two.

Coroner Seipel announced the following official tabulation:
Bodies in Chesterton morgue 25 to 27.
Bodies removed from Chesterton morgue 8.

Bodies in Michigan City 2.

Total dead 35 to 37.

Coroner Seipel said that it might never be known exactly how many were killed because of the way in which some of the bodies were mangled. The coroner said he did not think more dead would be found under the wreckage but that this was possible.

The morgue was closed for the night at 8 p. m., and no further identifications will be made until tomorrow.

No Public Statement Made

No statement had been made public by the engineer and fireman of the Michigan Central train. They escaped serious injury and went to Niles, Mich., where they related their stories to operating officers of the road. The engineer later went to his home in Jackson, Mich., it was said.

Trainmen and citizens here continued in their belief that Joe Cook, the substitute signal operator on duty last night, had closed the crossing against the Michigan Central train and opened it for the New York Central train. Trainmen pointed to cuts in the Michigan Central ties as proof that the train had been derailed by the automatic derailing switch and had climbed back on the track, when it hit the "diamond" at the intersection.

Cook's statements were substantiated by his fellow workers, Charles Whitehead, a porter on duty in the lower, at the time of the disaster.

Possibility of an immediate inquest was set aside today when Dr. H. O. Seipel, of Valparaiso, coroner of Porter county, said he would not attempt to start an inquest until the identification work had been finished. He predicted that this might be a week or more.

May Visit Scene of Wreck

Porter and Chesterton were crowded with visitors today but tonight most of them had departed and the wreckage was largely cleared away.

Town trustee R. Huff, the first town official on the scene, announced today he intended to move toward limiting the time at which trains should pass the village crossing.

This is the greatest disaster Porter has ever had. The village lies within one of the busiest railroad sections in the country, on the outskirts of Chicago. Alm at Porter's doors, an even greater wreck occurred 15 years ago so also. This was the destruction of an immigrant train westward bound from New York. Three miles east of Porter, on the Baltimore and Ohio railroad, it ran ahead on into a freight train and took fire.

Failure of fire to break out last night was a saving boom. The town marshal had placed his fire department's hose on one side. Chesterton's department son appeared on the other. But the certification of the train spared the crowding disaster, railway officials said.

Hearing Train Crew

Niles, Mich., Feb. 28.—Operating officers of the Michigan Central railroad tonight continued a hearing of the story of the trainmen in charge of the train which was cut in two at Porter, Ind., last night by a New York Central train. The testimony was taken in executive session in special cars, and no statement of the examination will be given out until the testimony is completed, according to General Superintendent J. T. McKee.

E. F. Long, engineer of the wrecked train gave his version of the wreck today, and was allowed to go to his home in Jackson, Mich. He refused to talk to newspapermen, even when told that he had been charged by the

towermen at Porter with having run past the block signal. All the other trainmen in charge of the ill-fated train are to give their testimony before a finding is made before the railroad operating officials.

WOULD CONFINE JUDGES TO BENCH DUTIES

WASHINGTON, Feb. 28.—Senator Dial of South Carolina, who recently cited to the department of justice the acceptance by Federal Judge Landis of Chicago to the position of arbiter of baseball, today introduced a bill to require all federal judges to devote their entire time to their judicial duties.

The bill was referred without debate to the judiciary committee, with little chance for action before congress adjourns.

The bill would require all federal judges to live in the district to which they are appointed and confine themselves to their bench duties. "Violation would be a high misdemeanor."

Last year the salary account totaled \$3,795,152.

RULING IS MADE ON LEEVER ACT BY THE HIGHEST COURT

Court Holds Scope of
Law is Too
Broad

ONLY TWO DISSENT
AGAINST MAJORITY

(By The Associated Press)

WASHINGTON, Feb. 28.—The supreme court today held unconstitutional the sections of the Lever act under which the government stopped the coal strike in 1919 and subsequently launched its campaign to reduce the cost of living by prosecuting alleged hoarders and of profiteers in food-stuffs and other necessities.

The court's opinion was rendered specifically in an appeal by the government from a decree in lower courts quashing an indictment against an alleged profiteer in sugar but was sweeping in its terms and will have the effect of ending all prosecutions instituted by the department in its cost of living campaign.

The action of the government in obtaining injunctions to stop the strike of bituminous miners in November, 1919, was not before the court, but department of justice officials said it was held invalid that the government had proceeded against the miners.

Scope of Law Too Broad

The opinion of the court was based largely on the indefiniteness of the sections under review.

Chief Justice White, departing from his prepared opinion remarked that the scope of the sections apparently was "as broad as human imagination" and that the "degree of criminality was left to ever changing standards."

Associate Justices Brandeis and Pitney dissented as to the reasoning by which the court's decision was reached, but concurred in the result.

The chief justice said in his written opinion that the sections under discussion were not "adequate to inform persons accused of violations thereof of the nature and cause of the accusation against them."

The wide latitude of possible interpretation was clearly evidence he said, by the varied assortment of cases brought before the court to test the act. These cases, numbering ten in all, ranged from specific convictions to denial of injunctions sought by retailers to restrain government agents from proceeding against them. In some cases the government appealed from adverse decisions of lower courts, quashing indictments, and in others it defended decisions in its favor.

"Observe that the sections forbid no specific or definite act," said the chief justice. "To attempt to assert these sections would be the exact equivalent of an effort to carry out a statute which in terms, merely penalized or punished all acts deemed to be in the public interest when injurious or unreasonable in the estimation of a court and a jury."

"We are of the opinion that the court below was clearly right in ruling that the mere existence of a state of war could not suspend or change the operation of the guarantee and limitations of the fifth and sixth amendments such as we are here passing upon."

These sections of the constitution declare that in all criminal prosecutions the accused "shall have the right to be informed of the nature and cause of the accusation," and that the charge must be specifically set forth in the indictment returned against him.

Section four of the Lever act made it unlawful to limit facilities for transporting, producing, harvesting, manufacturing, storing or dealing in any necessities; to restrict distribution of any necessities; to prevent, limit or lessen the production of any necessities in order to enhance the price thereof or to exact excessive prices for any necessities.

The court took as the test case that of the L. Cohen Grocery Co. of St. Louis, which had been indicted for violation of the act because of the sale of fifty pounds of sugar for \$19.07, or at the rate of more than 20 cents a pound. Decision of lower courts sustaining a demurrer to the indictment on the ground that the section violated the fifth amendment was affirmed by the supreme court.

Justice White then took up nine other cases in turn, giving the effect of today's decision. Among them, was in brief:

The Detroit Creamery company, Ben Swartz and Jacob M. Smith, separate cases, defending decrees of lower courts in Michigan which quashed indictments against them. Demurrers sustained.

ALLEGED MAIL CAR ROBBER ON TRIAL

Council Bluffs, Iowa, Feb. 28.—Clude Poffenberger, identified by a federal grand jury here for complicity in the Burlington mail car robbery Nov. 21, was placed on trial before Judge M. B. Wade this afternoon.

His brother, Fred Poffenberger, who was brought here from Leavenworth prison was the first witness for the state. Court adjourned with him on the stand.

BOND DIVIDEND OF \$80,000,000 IS NOT GRANTED BURLINGTON

Interstate Commerce Commission Refuses Permission

DEAL FOR CONTROL
ENGINEERED BY HILL

(By The Associated Press)

WASHINGTON, Feb. 28.—The interstate commerce commission refused today to permit the Chicago, Burlington & Quincy railroad company to issue a bond dividend of \$80,000,000 to be used in retiring part of \$215,000,000 of bonds issued to finance the purchase of 79 per cent of the road's stock by the Great Northern and Northern Pacific railroad companies.

The commission, however, did grant the company permission to issue a stock dividend of \$60,000,000 to capitalize part of its property paid out of surplus earnings.

In denying the application for authority to issue the bonds the commission said, "no issue would materially increase the company's interest burden without apparent necessity and that the more adaptable form of mortgage which the applicant desires can be provided without the issuance of a bond dividend."

At the hearing on the application, it was brought out that the late James J. Hill, being in control of the Great Northern and Northern Pacific, acquired practically all of the Burlington's stock, which amounted to \$110,000,000 at \$200 a share and financed the purchase by issuing \$821,000,000 collateral trust bonds at 4 per cent secured by a deposit of the Burlington stock and collateral.

Representatives of the road argued that these bonds, which mature next July 1, could not be refunded except at a high rate of interest, probably 8 per cent and that it was desired to use approximately \$75,000,000 of the proposed bond dividend which would accrue to the Great Northern and Northern Pacific to reduce the amount of the bond issue to approximately \$140,000,000. The remainder would have been refunded and would have been contained in this plan would save large interest charges.

The commission held that the present capitalization of the road is far below the actual investment or any fair value for rate making purposes and that the increase in capitalization which would follow the present action of the commission in granting the authority to refund would increase its capitalization would still leave the total capitalization below the actual investment and the probable value of the road.

Looking over wholesale price lists and noting the market quotations on sugar should convince the most skeptical that the retailer handles this staple product on a very small margin. In this commodity there can be no just claim that the middleman is getting more than his share and that the public pays the bill. Certainly if other products were but handled on as small margin the consumer could have no complaint.

This is the time of year when persons interested in parks and lawns and landscaping urge the sowing of grass seed. Lawns can be sown in the chief hearties of Jacksonville and some work while work can be done in behalf of the "city beautiful" at this time of year if residents will go to a little special effort in sowing seed in the bare spots in their yards or in the boulevards which adjoin the streets.

Then it is worth while to remember that many of the splendid trees which have made Jacksonville famous are getting old. Some of them show too well the flight of time, with dead limbs or with rotting spots in their trunks. The planting of a few young trees, watching out to replace those that are dead or broken should be a matter of real concern to those citizens who have an eye to the future of their city.

The finding of the supreme court declaring unconstitutional portions of the Lever act puts an end to practically all of the suits brought by the government against persons or firms charged with profiteering. There were

undoubtedly great numbers of persons guilty of profiteering during the war period and many were the suits brought and vast was the amount of talk about these suits from government sources. But the number of convictions actually made—well, that is an entirely different matter.

American Federation of Labor officials are still seeking to have the president-elect name a direct representative of the federation as a cabinet member. Mr. Gompers' name has not been suggested but probably the labor chief would have been willing to accept an appointment, even though he is not of the same political faith as the president.

The city council is proposing to have some paving work done in Jacksonville this year. No doubt the council is influenced by announcement of the drop in the cost of materials and the reduction in bids for public improvement work as shown at some recent lettings. If the work can be done at reasonable figures there are certainly some streets in Jacksonville where paving is greatly needed.

THE BETTER TONE IN BUSINESS

The last two weeks has seen a decided bettering in the tone of business. There have been advances in the price of livestock and grain, not of a sensational but a steady kind. Very probably this market tone betterment is a psychological result of the change in the administration soon to take place.

The announcement has been made that immediately upon entering office the president and the cabinet will devote special attention to business, industrial and agricultural conditions of the country. The people have faith that something worth while and constructive will be done, and faith is a very large factor in this matter of satisfactory business conditions.

WHY NOT TWO REPUBLICAN JUDGES

The Springfield Journal takes the view that there will be no contest in this judicial district because the Democratic committee of Sangamon county decided not to call a party convention but to let the names of the present judges—two Democrats and one Republican—to open the ballot by petition without opposition.

Certainly that is a wise bit of statesmanship on the Democratic committee's part, when it is called to mind that this same district gave the Republican candidates in the November election majorities varying from 12,000 to 18,000.

It is therefore quite apparent why the Sangamon county Democrats are willing to "sacrifice"

party interests and agree to a non-partisan ticket. But is not as easy to understand why Republicans of that county or of the district should agree to such a program—if they have agreed.

Defeat Team on Its Own Floor By Score of 15 to 9—Game Fast and Witnessed By Large Crowd.

Chapin, Feb. 28.—Murrayville high school's last five defeated Chapin on her own floor here tonight by a score of 15 to 9. The game was witnessed by a large crowd, about fifteen automobile loads of rooters from Murrayville attending the game and the rooting for both teams was of the most strenuous sort.

Short, one of Murrayville's regular forwards, was troubled with a bad ankle and Jones was moved to forward and Hull went to guard. Jones gave a good account of himself, caging four baskets during the contest.

Kennedy made the remainder of Murrayville's points. Smith and the two McDaniel brothers scored Chapin's points. Grant of Winchester was the referee and the Murrayville boys were well pleased with his work. The score:

HAS NEW HONOR

Frank Porawsky of Kansas City, brother of Mrs. George A. Moore of East State street, and well known to many local people, has recently been appointed a member of the state board of health in Kansas City. For a number of years Mr. Porawsky has served as a member of the board of trustees of a research hospital and the interest shown in that institution, together with the excellence of his work, resulted in his appointment to the new post of honor by Mayor Coghlin.

FUNERAL SERVICES HELD FOR O. E. TANDY

Were Held From Central Christian Church This Afternoon in Charge of the Rev. M. L. Pontius—Further Services and Burial at Franklin This Morning.

Funeral services for O. E. Tandy were held from Central Christian church at 2 o'clock Monday afternoon in charge of the pastor, Dr. Myron L. Pontius.

The auditorium was filled with a large number of friends who gathered to pay a last tribute to his memory. For many years, Mr. Tandy has been active in fraternal work and thru the years had countless times paid beautiful tributes to the memory of departed brothers. Hence there were many members of these orders present, the Elk, and Odd Fellows attending in a body.

Rev. Mr. Pontius read passages of scripture and spoke of comfort that could be secured from the book of God in time of trouble. One must read other books, he said, but when sorrow comes he must turn to the book of books, the Bible.

In the course of his remarks, Mr. Pontius brought out forcibly the value of friendship.

"One of the priceless possessions in this life," said the speaker, "is friendship. A man may gain fame, he may gain wealth, but if he has no friends he is a pitiable creature."

"What a great thing it is when death comes to have some one to speak a kind word for you. Character is the only thing one can take into the next world except friendship. It may be that friendship is woven into the fabric of character."

"That Mr. Tandy had friends is attested by the large gathering this afternoon. It is a high commentary on the friendship of these men that they lay aside their work in the busiest part of the day to come to the house of God to pay a silent tribute to him."

Speaking of the language of flowers, Mr. Pontius said we did not understand their language, but we loved them. And when death or sickness comes it is the usual way in which we express our sympathy.

Mr. Pontius also told of his association with Mr. Tandy during the world war. He paid a beautiful tribute to his ability as an orator and told of the wonderful word pictures he painted in his war addresses which the speaker said was an expression of the patriotism that burned within his heart. He also referred to the high esteem in which he was held by the publishing company with which he was associated for so many years and of the fact that the company had sent a personal representative here to convey to the family the sympathy of the officials and employees.

"Our conception of God in the present time is different from that of the early centuries," said Mr. Pontius. "We no longer look upon God as an avenging monster but as an all pervading spirit, always present in time of need."

Death is merely separation, for the soul goes on thru the endless ages of eternity. So this evidence of the soul's immortality should bring comfort to those who sorrow this afternoon.

Music was furnished by a quartet composed of Miss Fern Haigh, Miss Cora Graham, James Guyette and C. L. Mathis. The quartet sang "Shadows" and "Abide With Me." Miss Haigh gave a solo, "Face to Face."

There were many beautiful floral offerings, and these were cared for by Mrs. Effie Bradley, Mrs. Lena Piepenbring, Mrs. Mary W. Thomson, Mrs. Lou VanHouten, Mrs. Nora Wood, Mrs. Abbie Spillman assisted by Hal Roberts and George W. Davis.

The bearers were Charles J. Roberts, C. Arthur Reeve, Byron W. Stewart, Charles Hart, W. C. Hart and John T. Bland.

The remains will be taken to Franklin this morning where further services will be held and interment made.

DON'T SQUEEZE BLACK-HEADS—DISSOLVE THEM

Squeezing and pinching out black-heads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomel powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every black-head has disappeared, and the skin will be left soft and the pores in their natural condition. Anyone troubled with these unsightly blemishes should try this simple method.

KNIGHTS WILL PLAY SPRINGFIELD TEAM

Myers Brothers Will Clash With Local Five—Fast Game Expected—Poscover in Myers' Lineup.

Myers Brothers basketball five of Springfield will clash with the Knights of Columbus five at Liberty hall tonight in what promises to be one of the fastest games of the season.

The visitors are coming here with Poscover, one of the best tossers in Springfield, in their lineup. Poscover was for several years a member of the Springfield high school five and was a member of the team that won the state championship.

Since graduating he has been attending Minkin University at Decatur. His path has been anything but a rosy one at the university as he seemed to have trouble in making his grades. The present term he has been down practically all of the time and failed to pass his examinations and is out for the rest of this year at least.

A curtain raiser will be played between the Knights of Columbus reserves and Brown's Business college. Andrew of Illinois College will officiate. Play will start with the teams lining up as follows:

Knights—Zell, Carson, forwards; Woulfe, center; Clancy, Costello, guards.

Myers Brothers—Grennan, Poscover, forwards; Bridges, center; Johnson, Roelg, guards.

The new Coats for Spring await your early selection at HERMAN'S.

URANIA CONFERRED INITIATORY DEGREE

Odd Fellows Lodge Gave Degree to Class of Eight Candidates—Oyster Supper Followed.

Urania Lodge No. 243 I. O. O. F. conferred the initiatory degree on a class of eight candidates at the regular meeting held Monday evening.

There was a large crowd present and the degree was exemplified in an impressive manner by the crack degree staff of the lodge under the direction of Ellis Henderson.

Important action was taken at this meeting when a new lease was signed for the present quarters of the lodge by the trustees for a ten year period. A lease also was secured for rooms on the second floor where billiard tables will be installed and rooms fitted up for the benefit of the members.

Following the business session and initiatory the lodge enjoyed an oyster supper. The Journal force also was treated to some of the soup and found it fine.

Charles Goodey and Joshua Vascellos were in charge of the kitchen while Ellis Mann, James E. Johnson, Russell Oliver, Vincent Vieira and Fred Crabtree were in charge of the dining room.

The Centenary team is one of the strong teams of the city as a number of the players have several years' experience. The team now includes F. Lucas, J. Wood, H. Hunter, R. Deatherage, D. Ransdell, J. Nunes, L. Laney, K. Barton, A. Arter, W. Johnson and W. Jones.

DEATH CAME SUDDENLY TO BLUFFS RESIDENT

Mrs. Harmon Nortrup Passed Away Monday Evening After Very Brief Illness—Was Sister of Godfrey Tendick of This City.

Bluffs, March 1.—Mrs. Harmon Nortrup died suddenly at her home at 10:30 o'clock Sunday evening from apoplexy aged 49 years. Mrs. Nortrup was in her usual health and had spent the day with her son, Eric in town and had returned home.

At 6 o'clock in the evening she fell from her chair and never regained consciousness. Dr. C. A. Crane was called at once but she sank rapidly until the end came a few hours later.

Mrs. Matilda Nortrup was the daughter of the late Mr. and Mrs. Pete Tendick of Murrayville and is survived by her husband, Harmon, Nortrup, two daughters, Mrs. Carrie Westermeyer and Miss Matilda and one son, Eric of Bluffs. Two children died in early childhood. One sister, Mrs. Arthur Nortrup of Bluffs, and one brother, Godfrey Tendick of Jacksonville, survive and were summoned to her bedside before her departure. Funeral arrangements have not been made.

The grief-stricken family have the sympathy of the entire community.

Tom Buckthorpe, Jr., who has been ill with scarlet fever for the past four weeks, was released from quarantine yesterday. Mrs. Buckthorpe has been her son's nurse during the quarantine time, so Monday was quite a day of jubilee for the Buckthorpe family.

LET STATE KNOW HARD ROADS WANTED

This is the Course W. E. Sullivan Believes Morgan County People Should Follow.

W. E. Sullivan was in Springfield Monday and made it a part of his business to interview a number of officials of the state highway department. Mr. Sullivan also talked to other persons in Springfield associated with state business and he asked all of them why there has been so little hard road construction in Morgan county. From the answers given and from observations in other counties Mr. Sullivan is very much of the opinion that little work has been done here because the people have not been insistent. "They told me," Mr. Sullivan said last night, "that where the people make a long and loud demand for these highway betterments they are very much more apt to get them than in counties where little is said. The Jacksonville man, however, did get the cheering information that there is a definite plan on the part of the state highway commission to construct a hard road in Morgan county this year from the east county line to the end of the present strip of pavement on the Morton road. Mr. Sullivan is the recently elected president of the Morgan County Good Roads association and quite evidently was a wise choice. He is thoroughly interested in this question of hard roads and hopes with the assistance of the other officials and members of the county association to make it an influence in securing roads for the county.

ALEXANDER COUPLE MARRIED SUNDAY

Miss Bessie Elmore is Bride of Asa Dooley—Other Interesting News Notes from Alexander.

Alexander, Feb. 28.—The marriage of Miss Bessie Elmore and Asa Dooley took place at the M. E. parsonage here at 6 o'clock Sunday evening. The ceremony was performed by Rev. J. R. Choumont, and the young people were attended by Mr. and Mrs. Walter Stapleton. The bride was attired in a dark blue traveling suit and wore a black lace hat.

The bride is a daughter of Mr. and Mrs. O. W. Elmore, well known residents of Alexander. She is one of the most popular young women of the community and has a large number of friends to extend hearty good wishes at this time.

Mr. Dooley has resided in Alexander for the past few years and is held in high esteem by all who know him. He is a farmer by occupation. The young people are uncertain as yet where they will establish their home.

News Notes
Mr. and Mrs. C. H. Beerup and son Clyde Douglas and Mrs. Anna Beerup spent Sunday at the home of M. E. Greenleaf in Jacksonville. G. C. Harrison and family, who have been living north of Alexander, have moved to a farm they recently purchased near Rees station.

Mrs. William Davis and children of Springfield are visiting at the home of Mr. and Mrs. Reuben Davis.

BIG SHORTAGE OF FORD CARS

George T. Lukeman, of the Lukeman Motor Co., states that: "Ford dealers throughout the country are short of cars, and in most places have orders they cannot fill."

"We took our allotment of cars all through November, December and January even though we were all torn up remodeling, and people throughout the country hesitating about placing orders."

"However in January we started to moving cars and now we are sold up."

"We have increased our allotment for 1921, and are going to do everything possible to get cars for our customers as quickly as it can be done. All orders will be filled in their turn as they are received."

"We feel safe in saying that if you are going to want a Ford within 30 or 60 days—ORDER IT NOW."

TWO BURGLARIES SUNDAY MORNING

Two burglaries were committed in the west part of the city about 3:30 o'clock Sunday morning. At the residence of P. R. Briggs the burglars secured \$15. The residence of Dr. Garm Norbury also was entered but so far as is known nothing of value was taken. The burglaries were reported to the police but no clue has been obtained as to the identity of the robbers.

WHITE HALL MAN IS HURT IN COLLISION

Nelson Phillips Thrown Out of Buggy Sunday Evening When Vehicle Struck by Automobile—Other News from White Hall and Vicinity.

White Hall, Feb. 28.—Nelson Phillips driving in a buggy on his way to the Tabernacle Baptist church about 7 o'clock Sunday evening, was struck by an automobile in the vicinity of the church, one wheel torn off, the buggy overturned and otherwise damaged. Mr. Phillips was thrown out and received miscellaneous minor injuries. He was given medical attention by Dr. J. S. Billings, and later removed to his home on West Bridgeport street, where his condition is not regarded as at all dangerous. The driver of the automobile, after striking the buggy, sped ahead without a stop, and his identity is unknown. Mr. Phillips is almost deaf, and the signal of the approaching car failed to attract his attention.

News Notes

W. S. Corsa returned Sunday from Philadelphia, where as president he presided over the sessions of the American Berkshire Association. One of the speakers was Herbert Hoover, whom Mr. Corsa introduced in words befitting the great services of Mr. Hoover to the nation. Mr. Corsa has been absent two weeks.

J. W. Steinberg attended the lumbermen's convention in Chicago last week. This section of the state was well represented.

Mrs. Nita Maddern returned to St. Louis Saturday, having been here on account of the extremely feeble condition of her grandmother, Mrs. Sarah A. Higbee, who will be 98 years old next month if she is able to survive, which seems impossible.

C. C. Withrow, maintainer at the Interlocking plant, suffered an attack of acute indigestion Friday that might have proven fatal.

MISS ADDAMS WILL MAKE ADDRESS HERE

Well Known Welfare Worker to Have Part in Program Dedicating Vocational Building—Judge Jenkins Will Also Make Address.

The dedicatory exercises of the vocational building at Jacksonville State hospital are scheduled for next Thursday, March 3. The fact that Miss Jane Addams, famous as a public welfare worker, and Judge C. H. Jenkins, head of the department of public welfare, are to be of the group of speakers indicates that this will be an important occasion. Much is to be made of the program because it is felt the dedication of this building marks a distinct epoch in vocational work among the patients of insane hospitals.

There will be a program both afternoon and evening. In connection with the afternoon program a bazaar will be conducted and various articles will be offered for sale. The proceeds will be added to the patients' Fourth of July fund. The public is invited to the afternoon program, to the bazaar and to the vaudeville entertainment to be given in the evening.

PIONEER RESIDENT OF SCOTT COUNTY DIES

Death of Mrs. Martha Akers Occurred Sunday Morning Near White Hall.

White Hall, Feb. 28.—Mrs. Martha Akers, a pioneer resident of Manchester, Scott county, died at 10:50 a. m. Sunday at the home of her daughter, Mrs. Samuel Rimbey, of near White Hall, where she had made her home for the past four years. Her age was 84 years, and she resided at Manchester thirty-six years.

Her maiden name was Barnes. When she was a child the family moved from Decatur county, Indiana, to Independence, Mo., where she and Stephen Akers were married. They located at Manchester in 1848 and there they continued to make their home. Mr. Akers died of the home farm about twenty years ago. Their children, besides Mrs. Rimbey, are T. E. Akers, Smithboro, Illinois; A. E. near Barrow; L. F. Shreveport, La. The deceased was a member of the Roodhouse Christian church.

Funeral services will be held at the Rimbey home Tuesday, conducted by Rev. Edgar C. Lucas of White Hall, and the burial will be in the Bowers cemetery, near Alsey.

BOARD DOES NOT FAVOR PROPOSED LAW

County Officials Have Object to Plan to Abolish Office of Road District Commissioner.

The commissioners of Morgan county are opposed to the proposed law which would abolish the position of road district commissioner. By the law which is being discussed, money raised in a road district would be turned over to the state department of public works. Resolutions adopted by the board were as follows:

Whereas, it has come to the attention of the members of this board that there is active propaganda to secure legislation to abolish the road district office of commissioner of highways, and to provide that the road district taxes raised in each road district shall be turned over to the Department of Public Works and Buildings, or some other state agency, to expend on the highways of the state, in such manner and in such localities as they in their discretion designate, and,

Whereas, we are firmly convinced that such centralization of the authority over all public highways of the state, and in the expenditure of the public highway road and bridge funds raised by taxation, will be greatly detrimental to the interests of the very large majority of the townships of the state, which comprise rural communities only and whose highway commissioners are now directly responsible to their neighbors for the proper fulfillment of their official duties, and,

Whereas, in such proposed centralization of authority over the public highways of the state, there will be no direct responsibility to the inhabitants of each township, and no practical recourse by the people in each rural community if they are not fairly treated in the matter of road construction and maintenance, therefore,

Be It Resolved by the Board of County Commissioners of Morgan County, that we are opposed to legislation to abolish the office of Road District Commissioner of Highways, or any legislation which will impair its present function or authority, and,

Be It Further Resolved, that the clerk of this board transmit a copy of these resolutions to the state senator and to each of the representatives in the general assembly from this district, with the request that they use all honorable means to defeat and such proposed legislation.

Take It In Time!

DO you know that by far the larger number of the common ailments of women are not surgical ones; that they are not caused by any serious displacement, tumor, growth, or other marked change?

DO you know that these common ailments produce symptoms that are very much like those caused by the more serious surgical conditions?

DO you know that many women and young girls suffer needlessly from such ailments? More than that, they endanger their health by allowing their ailments to continue and develop into something serious.

If treated early, that is, within a reasonable time after the first warning symptoms appear, serious conditions may often be averted. Therefore, at the first appearance of such symptoms as periodic pains, irregularities, irritability and nervousness, Lydia E. Pinkham's Vegetable Compound should be taken. It is prepared with accuracy and cleanliness from medicinal plants. It contains no narcotics nor poisonous drugs, and can be taken with perfect safety.

The Vegetable Compound acts on the conditions which bring about these symptoms in a gentle and efficient manner. The persistent use of it shows itself in the disappearance, one after another, of the disagreeable symptoms. In a word, Lydia E. Pinkham's Vegetable Compound acts as a natural restorative, relieving the present distress and preventing more serious trouble.

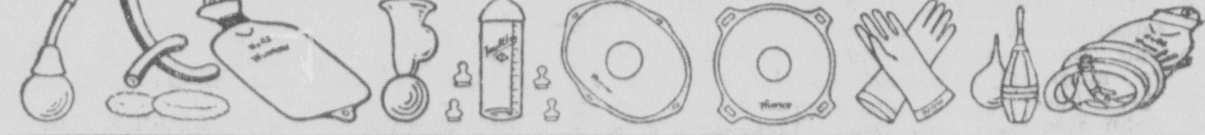

Why not give a fair trial to this medicine

BOAR DOF LOCAL IMPROVEMENT MET

The board of local improvement held a meeting immediately following the council meeting Monday evening. All members, Mayor Crabtree, Engineer Henderson and Superintendent of Streets White were present.

The board discussed the question of paving East State street from the railroad east to the city limits. It was decided by the board to pave the street from the railroad to Johnson street with asphalt and from Johnson street to the city limits with brick.

NEGLECTED FEET

J. Lloyd Read, who is a salesman in the Hopper shoe store in Jacksonville, and has for several months made a scientific study of foot troubles, while visiting home folks last week, made a thirty minute talk before the high school Friday morning on treatment and care of the feet.

Mr. Read seemed thoroughly at home in his subject, and brought before the students the fact that one-fourth of the bones of the body are confined within one's shoes. Yet in spite of this, we hear a great deal about the eye, ear, nose and throat, but very little about the feet.

The speaker went into the anatomical construction of the feet thoroughly and explained how by the use of proper appliances of simple construction it was possible to relieve and banish many of the foot troubles to which people are subject. He told how corns, bunions and fallen arches often affect the nerves and cause other troubles, and his talk was appreciated by both pupils and teachers.

BRANER WILL IS TO BE CONTESTED

Objections Filed When Hearing Was Held on Petition to Admit Document to Probate.

An appeal taken to the circuit court by Charles Smith yesterday when the will of the late John H. Braner came up for consideration by Judge Samuel in the probate court, indicates that the will is to be contested. It will be remembered that Mr. Braner's will which was placed on record several weeks ago, was drawn Nov. 6, 1914, and subsequently six codicils were attached.

In the original will it provided that the land in the estate should be sold and the proceeds divided into five equal parts, two-fifths being bequeathed to Ennis Patton, one fifth to Elias Braner, son of David Braner, one fifth to Oscar Braner, one fifth to William A. Bridgeman. A codicil in December, 1916, revoked the bequest to Oscar Braner and substituted the name of Mrs. Vina Hogan. In November, 1918, the legacy to Mrs. Hogan was revoked and a bequest made to her daughter Maude Grace Greenwood. In April, 1919, the bequest to Maude Greenwood was revoked and the interest she had held bequeathed to Newell Braner. Then in December, 1919, the bequest to Newell Braner was revoked and the one-fifth share bequeathed to Irena Braner, wife of Newton Braner. It was in November, 1920, that the final codicil was made, wherein Mr. Braner indicated his wish to substitute the name of Bert Laughery for that of Mrs. Irena Braner, bequeathing him the one-fifth part.

John McFadden, a long time friend of Mr. Braner, is executor of the estate, which includes a large acreage of land in the northeast part of Morgan county.

MAKE EXCHANGE OF PROPERTIES

W. H. Taylor has purchased from J. U. Collins an 80 acre farm located 2½ miles west of Winchester. In this transaction Mr. Collins becomes the owner of the Taylor residence on South East street and 100 acres of land near Arenzville. Mr. Collins is moving to this city and will conduct an auto repair shop at the South East street home. This real estate deal was made thru the Charles H. Story agency.

MATRIMONIAL

Vasey-Gibbs.

The marriage of Miss Carrie Gibbs and John J. Vasey took place at 8:30 Wednesday evening, Feb. 23, at the home of Rev. Bracewell on Webster avenue. The family of Rev. Bracewell were the only witnesses. Mrs. Vasey is the daughter of the late Charles Gibbs and resides on the Mound road. Mr. Vasey is a well known young farmer of the Point neighborhood, west of town. They have both lived in Morgan county several years and so have a large number of friends around these parts. They will live on a farm west of the city.

Funerals

Tucker.

Funeral services for Forrest Eugene Tucker, small son of Mr. and Mrs. Dean Tucker were held at 9 o'clock Sunday morning at the family residence, 477 South East street, Rev. M. L. Pontius officiating. The remains were taken to Franklin cemetery for burial, where a brief service was held at the grave by Rev. S. H. Kuntz.

Music at the service here was given by Miss Cora Graham and Mrs. Mae Hitt.

The pall bearers were Alberta and Lillian Bearup, Edhel and Marie Sharp.

Mrs. John Boddy, Markham is visiting her sister, Mrs. Ida Kinner riding in East County street. Mrs. Boddy is also visiting her daughters, Grace and Phoebe who are students in the high school here.

Social Events

Celebrated Birthday.

Miss Louise Strandberg celebrated her birthday Sunday evening with a delightful luncheon at her home. A few of her friends were the guests and a delicious three course luncheon was served at six thirty o'clock. The luncheon table was most tastefully arranged. The pink color scheme was carried out by a basket of pink roses in the center of the table and the use of a dainty pink luncheon set. The evening was pleasantly spent with singing and Victrola music. The hostess was the recipient of many good wishes from her friends.

Gave Miscellaneous Rush for Newlyweds

The Ladies' Aid society of Point church gave a miscellaneous rush Saturday evening for Mr. and Mrs. J. J. Vasey, who were recently married. About 80 guests were present. Several hours were spent with games and music after which the opening of the gifts caused much amusement. A bountiful supply of delicious refreshments was served by the society and they all departed extending to Mr. and Mrs. Vasey their hearty good wishes.

Surprise Party for Mrs. Ranson

Mrs. Mary E. Ranson was most pleasantly surprised last evening when about twenty of her friends surprised her at her home on North Church street. Yesterday was Mrs. Ranson's seventy-second birthday and the delightful surprise party which her friends planned for her was evidence of the high esteem in which Mrs. Ranson is held by all who know her.

The guests brought baskets full of good things to eat and everyone spent a most happy evening enjoying music and other forms of entertainment. At a late hour the guests departed wishing Mrs. Ranson the very best and happiest returns of the day.

Rush for Mr. and Mrs. Hayes.

A large number of friends were present at the J. S. Miller home Saturday night. The event was in a nature of a rush on Mr. and Mrs. Ray L. Hayes in which many beautiful presents were received.

Those present were Mr. and Mrs. Edgar Chandon and family; Mr. and Mrs. Guy Hicks and family; Mr. and Mrs. Leonard Dalton and family; Mr. and Mrs. C. C. "ADAM AND EVA" COMING THURSDAY

"Adam and Eva" a rollicking romance of hilarity, typically American in wit and humor, direct from its long run of over a year at the Longacre Theatre New York, will be the attraction at the Grand next Thursday night.

"Adam and Eva" the queen of this season's crop of comedies, is the joint work of Guy Bolton and George Middleton. F. Ray Comstock and Morris Gest, the producers of "Adam and Eva" will send here a special organization in keeping with the high standard of excellence maintained in all their productions. The company is made up of a cast of players, many favorites, including Miss Lois Bolton, the well known comedienne, Mr. Coates Gynne, Mr. Charles E. Bird, Mr. Charles Horn, Miss Rosemary Hilton, Mr. Frank H. Knight, Miss Adelyn Wesley, Mr. Fred C. Palmer, Miss Ramona Weaver and Mr. Joseph Prosser.

COUNTY SUNDAY SCHOOL NEWS NOTES

A precinct Sunday school convention will be held at Concord next Sunday afternoon at two o'clock at the Methodist Protestant church. A good program has been arranged.

Plans are also under way for a Jacksonville precinct Sunday school convention to be held Sunday, March 13, at the First Baptist church. Carl H. Weber is precinct president and is arranging for the meeting.

J. S. Findley, who is the county secretary, said last night that a number of Sunday schools have sent in their reports and he is very anxious to receive these documents from all other schools.

WILL OF MRS. WOODALL

The will of the late Mrs. Ellen Woodall was filed for probate Monday in the office of County Clerk G. L. Riggs. This document was drawn July 7, 1916, with J. Walter Dace and R. W. Frost as the witnesses to the signature. Mrs. Woodall provided for the payment of debts and for an equal division of her property among her children. George W. Hogan is named as executor of the will.

REGULAR COUNCIL MEETING WAS HELD

Only Routine Business Occupied the Attention of the Council—Pay Bills for Second Half of February Approved.

Only routine business occupied the attention of the city council at the regular meeting held Monday evening. Roll call showed all aldermen present except Alderman Williamson with Mayor Crabtree presiding.

The minutes of the last regular session were approved after two minor corrections were recorded. A petition from residents of South Mauvaisterre street protesting the erection of a bill board on private property was read and received and placed on file.

Pay rolls for the second half of February were presented and were ordered paid if properly approved.

Alderman Flynn chairman of the sewer committee reported that the sewer leading into property of James Rabbitt in East Court street was stopped. The matter was referred to the sewer committee with power to act.

Alderman Elnie chairman of the sanitary committee reported that there had been complaints of people throwing refuse on city property at the old north end pumping station.

B. A. Carlile was present and asked about making sewer connection in East State street before the new pavement was laid. He said the time had been extended to March 1, and wanted to know if the city expected to do the work this year.

Mayor Crabtree told Mr. Carlile that it was the intention of the city to proceed at once with the pavement. The question of sewer tapping was referred to Superintendent of streets White with the power to act.

Alderman McGinnis chairman of the public improvement committee thought some steps should be taken to sell the lumber in the buildings at the old North end pumping station.

Alderman Chapin said that the pumps were still in the wells and that the sheds were needed to protect them. An effort had been made to sell the house where the two large pumps had been stationed but no bidders had come forward.

The bond of George F. Stoldt superintendent of the light plant in the sum of \$3,000 with the American Surety company as surety was presented. Mr. Stoldt had overlooked signing the bond. The bond was ordered accepted when it is signed by Mr. Stoldt and acknowledged by a notary.

Alderman Moore to whom had been referred the matter of the sign board on South Mauvaisterre street reported that he had consulted with the city attorney and found that nothing could be done by the city as the sign board was on private property.

Mr. Moore said the lady who owned the lot had signed a contract for a year with the company and that it was agreed that the board was to be only eight feet high.

No further business appearing the council on motion adjourned.

OBITUARY.

Mrs. Minnie Mae Maul, wife of Roy Maul, died Thursday morning, Feb. 24, at 3:20 o'clock, at the Graham Hospital in Canton from Elampisia following the birth of a son. Mrs. Maul was born at Murrayville, April 20, 1889, being 21 years, 10 months and 4 days old. She was the daughter of Mr. and Mrs. J. R. Harney. Her father survives and lives in Canton, also two brothers Clifford and Edwin of Canton; one sister Helen of Manchester. Her mother passed away Feb. 13, 1905. Mae then was adopted by Mr. and Mrs. Edwin Cade, of Woodson.

She was a member of the Christian church and spent her girlhood days in Woodson and was loved by all. On Sept. 7, 1920, the deceased was united in marriage to Roy Maul of Elderberry. They established their home in Canton and have since resided there. To mourn her death she leaves her husband and infant son, John Russell; her father, two brothers, one sister and friends without number.

The funeral services were held in the Christian church at Elderberry. The sermon was preached by her pastor, I. H. Fuller of Woodson.

The text was from Job 14:4: "If a man die, shall he live again?" A large audience filled the house.

The body was followed by a large procession to the cemetery at Arcadia where it was laid to rest.

The floral offerings were many and beautiful.

Many from Woodson were present at the funeral.

WITH THE SICK

Miss Leona Mitchell who has been ill at her home for the past four weeks, was able to resume her duties at Rabbjohn and Reed's yesterday. Her many friends are glad to see her out again.

Miss Mabel Welch is ill at her home on Howe street.

Mrs. W. R. Johnson of Winchester submitted to an operation for removal of her tonsils at Passavant hospital this morning at 8 o'clock. Dr. Gregory was the surgeon.

William Schildman, who recently underwent a serious operation, is very ill at his home on Wolcott street.

Grover Beeley of Pine street, is very ill with an infection of the ears. He is an afflicted household, as there are three children ill with pneumonia following the measles.

GEORGE KICK TO QUIT FARMING

(Continued from page 6)

George E. Kick of Decatur Saturday completed the closing out sale of all of his farm implements, horses, mules, cattle, and other stock and farm products on hand, planning to give up the farming game entirely. He has been farming 1,000 acres near Warrensburg and a section of land in Morgan county. A sale of Morgan county stuff was held earlier in the week while that near Warrensburg was sold Friday and Saturday.

Large crowds attended the sales. The total receipts for the three days was a little over \$21,000 and of this amount, about \$5,000 was taken in at the sale in Morgan county. A feature of the sale here was the extra fine work horses that Mr. Kick had. The top price on teams was \$465 and on single horses, \$235, and sixteen of the horses brought a total of over \$3,200. They were nearly all bought in by shippers. Eighteen head of cows were sold and the top price on these, was

\$107.50. Clover seed sold a little over \$10 a bushel and Sudan grass seed at about 7 1-2 cents a pound.

Mr. Kick is renting out all of his farm land to tenants. There are eight houses on the farm near Warrensburg.

MANY CRACK RUNNERS IN KENTUCKY DERBY

List Contains Number That Have Never Been Defeated — Entry List Will Number More Than One Hundred.

Louisville, Ky., Feb. 28.—Discussion of the nominees already announced for the Kentucky Derby to be run at Churchill Downs, May 7 and speculation on their chances is under way among turfmen, race track followers and plain Kentuckians hereabouts, always interested in thoroughbred racing.

The list of candidates includes H. E. Sinclair's Incheape, which was considered one of the best two-year-olds last year until he was retired because of a skin disease. He was purchased for the reported price of \$125,000 from J. H. Kester of California, and is now said to be conditioning nicely.

Gray Lag, another Sinclair nominee, reported to have been purchased from Max Hirsch and J. E. Madden for \$50,000, bears the distinction of having been entered in the Epsom Derby at Epsom Downs, near London next June.

Tryster, in the stable of Harry Payne Whitney started six times last year and never lost a race. His performance placed him at the top of the two-year-olds in amount of money won. Prudery also in the Whitney string, was regarded as the best two-year-old filly of last season.

Edward F. Sims' Leonardo II is undefeated. He won four races, including the Hopeful stakes, worth more than \$30,000, at Saratoga last summer.

W. J. Salmon's Careful, as a two-year-old filly, won eleven out of seventeen starts.

Pluribus, bred by his owner, T. W. O'Brien, of Chicago, has won several stakes and Rangoon, nominee of Former United States Senator Johnson N. Camden of Kentucky was among the top notch colts in the west last year. United Verde, owned by C. W. Clark, a Montana mining millionaire was purchased as a two-year-old for the reported price of \$10,000 from Thomas Murphy of Louisville. Records credit him with winning the Bashford Manor stakes from Orleole in the mud at Louisville last year. Orleole was accounted among the best on a heavy track. United Verde later was injured but now is regarded near the top of his form.

Muskallonge, H. C. (Bud) Fisher's nominee, is credited with winning several stakes. He showed superior form at New Orleans as a two-year-old and already has outdistanced good horses as a three-year-old. The Derby is at a mile and a quarter for three-year-olds. It will carry \$50,000 in added money and is expected to net the winner approximately \$40,000. Announcement of the full list of Derby candidates which according to indications, will number more than 100, is expected within a few days.

ARBOR AND BIRD DAYS ARE NAMED

Friday, April 15, and Friday, October 28, are designated as Arbor and Bird days in Illinois, in a proclamation issued by Governor Len Small.

The governor urges that exercises be held in municipalities of these days to accentuate and emphasize the importance of the propagation of trees, shrubs and vines and the preservation of native bird life. The proclamation follows:

"That we possess great wealth in our trees and birds is a matter of common knowledge; but this wealth, like many other blessings which we enjoy, is not always fully appreciated. This is especially the case on the aesthetic side. The immediate appeal made to our feelings by the beauty of trees and the birds is apparent enough, but the influence of the beauty on our minds and characters as they form and develop is by no means generally recognized. Even on the practical side, the economic value of trees and forests, and the importance of the birds as true guardians of our growing crops are the objects of an appreciation not yet universal or complete.

"Both the beauty and the usefulness of our trees and our birds need to be impressed not only on the minds of their elders, upon whom rests the responsibility of seeing to it that those who come after them succeed in an undiminished inheritance.

The general assembly has seen fit to provide by legislation for the setting aside of certain days in the year, on which the importance and value of our possessions in trees and birds, and the necessity for their conservation, may be set forth as matters affecting profoundly the welfare of the people at large. If, for any reason, the days herein designated do not conform to the climatic conditions necessary for the carrying out of these purposes, other days in lieu thereof may be set aside by local authorities for these celebrations.

"Now, therefore, I, Len Small, governor of the state of Illinois, in accordance with the provisions of the statutes, do hereby designate Friday, April 15 and Friday, October 28, of the present year, as Arbor and Bird days, respectively, upon which days, or upon any other Friday which may be designated by local authorities, suitable exercises may be held to accentuate and emphasize the importance of the propagation of trees, shrubs and vines, and the preservation of our native bird life."

A Masonic school of instruction will be held for two days beginning Wednesday morning,

March 2nd, at 9 o'clock. Bro. J. E. Jeffers in charge. Sessions morning, afternoon and night. All Masons of this vicinity are invited to avail themselves of this opportunity to perfect themselves in the standard work. HARMONY LODGE NO. 3 JACKSONVILLE LODGE NO. 570, A. F. & A. M.

CHICAGO PREPARES FOR COMING MEETS

CHICAGO, Feb. 28.—The University of Chicago track squad is rounding into shape, and Coach Stagg believes that he will soon have a mile relay team that will easily place in all three of the big spring events, the Illinois relay, the Drake relays, and the Pennsylvania relay. The men comprising this team are Capt. Harris, Bartky, Hall, Schnaberger and Masek. They also are half-milers, all covering the distance to date, close to the minute mark.

Out of absolutely green material have been developed several 600 yard runners who are finishing within one second of the American Junior record. Chief among these men are Pierce, Brickman, Bowers and Roberts. Mr. Stagg refers to his sprinters as but fairly good, but complains of a lack of two-mile material. For field events, also, he is in need of men of more than ordinary skill. In Charles Redmon, who won his "C" at guard on the eleven this fall, Mr. Stagg hopes to develop a good hammer tosser.

DON'T FUSS WITH MUSTARD PLASTERS

Musterole Works Without the Blister—Easier, Quicker

There's no guess in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plaster, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds or the chest (it often prevents pneumonia).

ILLINOIS TO STAGE RELAY CARNIVAL

Urbana, Ill., Feb. 28.—The relay events for the smaller college section of the fifth annual University of Illinois relay carnival to be held here March 5, promises to be hotly contested this year. There are eleven college entries at this early contest of this year. There are eleven college entries at this early date, and several more schools have indicated their desire to compete.

Wabash College from Crawfordsville, Ind., an easy winner in the college section last year, is expected to send a team. Cornell College from Iowa, Carleton College from Northfield, Minn., Millikin, Eureka, Lake Forest, Knox and Illinois Wesleyan from Illinois and Earlham College from Indiana are other entries received.

The special events are also creating interest among the universities and colleges. Many schools have a few individual stars and their entries have been coming in rapidly.

Birmingham-Southern College from Alabama, Des Moines College, Michigan Aggies, Creighton University from Omaha, Nebraska, Notre Dame, Indiana University and University of Missouri have entered men in the special events, as well as the relays.

Every western conference school is expected to have men in the competition and the relays between the "Big Ten" schools should result in some great races.

Read these important facts about one of the greatest of all energy-producing foods for your children

LEADING food experts will tell you that the food element that gives the greatest amount of energy to the body is just what Karo contains a large percentage of.

This element is Dextrose—the great energy food. You couldn't live long without Dextrose. Most foods you eat—such as bread, starchy vegetables, and all forms of sugar—have to be changed into Dextrose before your system can really use them as energy foods.

These are scientific facts, as any doctor or food expert will tell you

So Karo, having such a large percentage of Dextrose in it—may almost be called a predigested food. Send for the booklet mentioned below and read the interesting facts.

Yet Karo is much more than a wholesome nutritious food. It is a dainty, relished by every member of the family—on hot biscuits, pancakes or waffles for breakfast; baked in cakes, or used to stew fruit for lunch, or used to sweeten the foods served for supper.

Give the children lots of sliced bread and Karo. It's the most wholesome food you can serve them.

Daily Market Report

UNIMPORTANT SESSION OF STOCK EXCHANGE

By Associated Press.

NEW YORK, Feb. 28.—Altho sentiment in financial circles over the week end seemed to be more hopeful it failed to find tangible expression in today's dull and wholly unimportant session of the stock markets.

Shorts experienced little difficulty in effecting further depression of prices among various specialties, notably shippings, motors and their subsidiaries, chemicals, textiles and utilities. Sales amounted to 490,000 shares.

The status of the iron and steel industry was the subject of much earnest debate, but the trend gave no hint of any immediate changes respecting prices and wage revision.

Western and Southwestern centers reported a moderate halt in the recent revival of general business. Railroad tonnage at those points showed further declines and reduction of steel deliveries was accompanied by a shrinkage of coal traffic. Commodity markets were very unsettled, new low quotations for cotton options coinciding with additional wage cuts in the textile trade. The latter in several instances represented a total of fifty per cent since the deflation of prices began.

The money market was featureless both as to demand and time loans.

Weakness of international issues featured the broader dealings in the bond market. French republic rights made a new record of 96 1/2 and several of the Belgian and Danish flotations also regarded new minimum prices. Most domestic bonds including liberties eased. Total sales (par value) \$1,275,000.

WHEAT MARKET WEAK AT CLOSE

By Associated Press.

CHICAGO, Feb. 28.—Big receipts at Kansas City had a depressing influence today on the wheat market here. Rallies failed to last and the close was weak 1/4c to 1 1/2c net lower with March \$1.66 1/2 to \$1.66 3/4 and May \$1.56 1/2 to \$1.56 3/4. Corn finished unchanged to 1/4c lower and oats at a shade of 1/4c advance. Provisions gained 5 to 10c.

Bears in the wheat pit made much of word that arrivals at Kansas City today totaled 625 cars. This news led to a material setback in values during the first hour. Subsequently indications of export business at the seaboard together with a revival of green bag advices from the southwest led to a sudden upturn in prices. Prices showed an especial tendency to sag in the final fifteen minutes.

An unexpected falling off in the visible supply of corn tended to steady the market for corn and oats. Besides rural offerings of corn were meager. Provisions declined with hogs but later scored gains owing to apparent likelihood that arrivals of hogs would diminish.

LITERBERRY

The Literberry Mission Circle met on Friday afternoon at Orchard Place, with Mrs. J. A. Litter hostess. After a short service of Scripture reading and prayer, thirty minutes were given to the study of the text book, "The Bible and Missions." There was a short business session, a committee appointed and plans made for the March meeting, which will be with Mrs. Nettie Scribner. Six members were present, the dues paid were \$1.50. Refreshments of the host were served during the afternoon.

The best sign of spring we have seen this month was the first visit of three bright, sunny little boys a few days ago, who came to our office selling garden seeds.

The diphtheria patient is doing nicely; no new cases.

There will be a meeting of the Ladies Aid of the Baptist church on Thursday, at Bonnie Doone cottage; Mrs. Jesse Litter and Mrs. John Daniels hostesses. A rather funny occurrence took place in our community during the last half year which goes to prove that human nature begins to show very early in smart children.

Sometime during last summer Mr. J. A. Litter gave to his daughter, Mrs. Earl Underbrink, a ewe. A few days ago the stock brought Mrs. Ewe three nice lambs. Now the Underbrink family consists of the parents and three children, Mildred thirteen; Belle Gene, five and Jerald Dean three. There were informed that each could claim a lamb for their own. This gave perfect satisfaction at the time, but in a few days their grandpa informed them that one of the lambs had died. One next morning at breakfast Billie Gene made the remark that Gerald's lamb had died, this remark was a trouble starter. Jerald Dean answered back, "No Gerald's lamb didn't die; Billie Gene's lamb died." "But it didn't," retorted Billie Gene. Jerald Dean squared off his fists in position, "Me fight now." This story sounds like a novel; just as something changes the whole program.

So it happened in this case, Mildred seeing that a bloody battle was coming, spoke up and said, "Boys, you need not fight; it was my lamb that died."

That settled the affair all right but should another of the lambs died we will be compelled to call out the militia to settle this question.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

ASHES OF DR. T. A. WAKELY INTERRED HERE

The ashes of the late Dr. T. A. Wakely who died on February 4 at Philadelphia, Pa. were interred Monday afternoon in Diamond Grove cemetery. The service at the home on South Main St. was private and conducted by Rev. J. F. Langton.

The Philadelphia Bible Class of the International Bible Students association held a public funeral at their hall in Philadelphia on February 6, at which a large number of people gathered to pay their respects to one who they believed was faithful to the covenant which he had made with his God. After the service the body was cremated and the ashes were sent back for interment here.

DR. ZARING AT GRACE CHURCH

Dr. Robb Zaring of Chicago, editor of the Northwestern Christian Advocate, occupied the pulpit at Grace church Sunday evening. Grace church people were glad to meet the editor of the Advocate for this area. His visit was appreciated. Dr. E. L. Fletcher was the preacher at the morning service and in his usual cheery style preached a very helpful sermon.

The orchestra under the direction of John Kearns furnished a fine musical program before and during the session of the Sunday school. The singing under the direction of Hubert Littler was enthusiastic and inspiring. There

WRITES A BOOK FOR
CANCER PATIENTS

A book which should be read
by every person suffering from
cancer has been published by Dr.
O. A. Johnson, eminent cancer
specialist. This remarkable book
tells the truth about cancer and its
treatment without cutting.
Dr. Johnson is today one of the
foremost in the study of cancer.
He conducts in Kansas City, Mo.,
a large, fully equipped Research
Laboratory, and has treated many
sufferers past twenty years. This
treatment is entirely non-surgical,
as the knife is not used at any
stage. Purely medicinal measures
only are employed; that is, external
application to destroy the cancer
and external medication to
purify the blood. Hundreds of
patients testify to the success of
the Johnson Laboratory.
"Cancer Truths," Dr. Johnson's
book will be sent free to any suffer-
er. Delay should be avoided.
Address, Dr. O. A. Johnson, Suite
565, 1324 Main St., Kansas City,
Mo.—Adv.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatism, pains, stiff joints, sore muscles.

W. W. Wells, Tongue, Mich., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

Right now is the time to have your braken plows, tractor parts and other farming implements and machinery WELDED for Spring use. Right here is the plant to handle the work—experienced welders using the best equipment in a fully equipped shop.

NEW IDEA IN HANDLING IMMIGRANT FAMILIES

"Junior American Missionaries" Now Have Important Part in Work at Ellis Island—Protect Newcomers From Exploitation.

NEW YORK, Feb. 28.—The scriptural dictum that "a little child shall lead them" is being applied ten thousandfold in the Americanization of New York's east side immigrants.

Its practical demonstration was described today by Harry H. Schlacht, head of the Commission on Immigrant Aid at Ellis Island, who has conceived a unique plan to protect newcomers from exploitation by their unscrupulous predecessors and radicals.

Through the Downtown Chamber of Commerce, membership of which is limited to foreign-born merchants, bankers and other business men who have gained wealth in this country, Mr. Schlacht has developed the idea of placing each immigrant family—fresh from the bewilderment of official red tape and the fantastic New York skyline—in the custody of an American, or Americanized, school girl. Ten thousand such girls are spending their evenings and spare hours infusing their charges with American ideas and the rudiments of the English language.

Rewards for Meritorious Results.
Stimulated not only by innate interest in the quaint dejected and often victimized and disillusioned seekers for new homes but also by rewards from the Chamber of Commerce for meritorious results, these girls can be seen every evening, by dim lights, spelling out c-a-t, r-a-t and other simple words to enraptured old patriarchs, scarcely aware that they are transplanted in a strange and yet not dissimilar country from that whence they came at such a sacrifice.

"But before I tell you in detail of this Americanization work and its results," interposed Mr. Schlacht, "let me tell you something of why they are detected, disillusioned and why they may easily fall prey to radicalism." He then told of how he was aroused to the necessity for this work by some poignant experiences he had going thru Ellis Island disguised as an immigrant, just to learn something of the circumstances under which thousands uproot themselves from their homes, sacrificing everything they own, in order to come to America, that magic land pictured to them in rosy hues by exploiters more interested in stuffing their pockets with gold than in humanitarian motives.

Swindled of Everything.
Understanding their own lan-

guage, Mr. Schlacht mingled with the immigrants thruout their trials at admission and learned he said, that thousands had been induced to migrate by members of an organization which has swindled them of everything they owned before taking them on shipboard.

Since he has been on the island, Mr. Schlacht said he had investigated these organizations, which he characterized as "professional film-flammers," and has caused the indictment of several individuals, some of whom have fled the country and the cases of some are still pending.

Numerous others, he said, who had luxurious offices in New York, have scamped away and disbanded operations. He described their operations, while in full swing, somewhat as follows: They canvassed East Side homes to learn if they had relatives on the other side whom they wanted brought to America. Invariably such was the case. These "friends" then told the East Siders they were going to Europe and, if they liked, would bring back the desired relatives. Delighted with this "kindness" the East Siders would offer up all the money they could scrape together to help their loved ones on their voyage.

Transfer Operations.
Equipped with these foreign addresses, the only thing that really interested the exploiters, these "agents" would set out for Europe to transfer their operations to new fields. But instead of turning over the money sent by anxious relatives, they would demand all they could get from the poor Europeans before taking the necessary steps to place them on ships bound for America.

If they could get enough, they could do this thru questionable methods with passport bureaus and chipping companies, Mr. Schlacht said.

"So you see," he said, "they swindle them both going and coming."

"This wholesale exploitation," he continued, "is what makes it necessary to do intensive Americanization work among these poor families, who, thru no fault of their own land among us without education and without anything but a misconceived idea that America is a worse place to live than their home countries. They are ripe for further exploitation by radicals who enlist their aid in flaunting false ideas of capitalism."

While it is imperative to correct this immigration menace at its source, Mr. Schlacht said, those who have been dumped into this country thru influences other than their own volition must be looked after. This is what the "Junior American Missionaries,"

as these school girls are called, are doing successfully, he said. "Not a family placed in their care has failed to make good," he said.

KNOX COLLEGE FOOTBALL SCHEDULE

GALESBURG, Ill., Feb. 28.—The 1921 football schedule for Knox College, as arranged by Coach Barry, is one of the hardest ever arranged for the Siwash gridiron warriors. It includes games with the University of Iowa, Coe, Carleton and Beloit, the three latter colleges being probable members of the proposed Mid-West College Athletic conference.

The annual home-coming will be held on October 22nd, the date of the Carleton-Knox game.

Coach Barry will lose only three seniors this year and will have the following letter men back next fall for the nucleus of his 1921 eleven. Captain Campbell and Shafer, tackles; Ross, Bergstrom and Olin, guards; Field, center; Ludwick, Morrison and Crabbe, half-backs; Brown, full-back; and Stuart, quarter.

The 1921 schedule follows:
Sept. 24—Open.
Oct. 1—Knox vs. University of Iowa at Iowa City, Ia.

Oct. 8—Knox vs. Wesleyan at Bloomington.

Oct. 15—Knox vs. Millikin at Galesburg.

Oct. 22—Knox vs. Carleton at Galesburg.

Oct. 29—Knox vs. Beloit at Beloit, Wis.

Nov. 5—Open.

Nov. 11—Knox vs. Coe at Cedar Rapids, Ia.

Nov. 18—Knox vs. Lombard at Galesburg.

Nov. 24—Knox vs. Monmouth at Galesburg.

TIMBER DECREASE CAUSE OF SHORTAGE

United States Forester Says This Is What Causes Housing Problem—Made Address Before Union League Club.

Chicago, Ill., Feb. 25.—The housing problem is only one of the problems resulting from the decreasing national timber supply, according to Col. W. D. Greeley, forester of the United States, in an address at the Union League Club tonight, following the interstate forestry conference of governors and foresters of the middle west.

"The United States has reached the turning point in its forest resources," said Col. Greeley. "Either we must quit using wood as our social and industrial development demands, or we must find a way to grow wood upon our millions of acres of idle land. The problem is a challenge to our American common sense, to our capacity for co-operation, and our ability to adapt all conceptions of private and public interest to present day needs of national efficiency."

During the past two years the normal use of lumber in our rural districts dropped off from 20 to 50 per cent. What will be the effect upon rural America, upon the efficiency of our great basic industry, agriculture, upon the effort to get people back to the land, if this restriction upon farm improvements becomes permanent, because lumber is not to be had in adequate quantities.

"It is fruitless to decry the generous use of our forests. It has been a part of the growth and commercial supremacy of the United States. We like to refer to hard work and steady production, as the lasting cure for economic ill. Production from land is just as important as production by human labor."

"This is peculiarly a national problem. Consider the beehive of manufacturers of wooden products within a radius of 200 miles from Chicago. They would have to shut down in a few weeks if their supply of western and southern lumber were shut off."

"The every day incentives of business and self-interest will accomplish much in reforestation as in other economic movements. We should give every reasonable encouragement to the land owner to grow timber on his own account. But more is needed. The vast public interests at stake can not as I view the problem, be left to the turn of profit or loss for each individual land owner. We must extend the public forest."

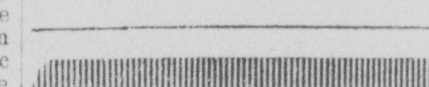

"The public must recognize that the present methods of taxing young forests in many regions are

equivalent to taxing farm crop twice a week during the growing season. With the fire hazard reduced, and the taxes adjusted to a crop requires 40 to 50 seasons to mature, the public may rightfully insist that the owner of land adapted to timber growing shall keep his land steadily at work.

"It would seem questionable to discard our many state foresters and conservation commissioners, with the technical organizations which they have built up. Rather than sweep them aside, it would appear to be the wiser and more expedient course to build these state agencies right into a general plan which will accomplish the end sought. It is my judgment that the national Government will make the most headway if it chooses the path of co-operation, rather than the road of direct authority."

"A nation-wide campaign to put out the forest fire is the first and most urgent thing, but not all. What we need is the production of timber."

CLAYTON, ILLINOIS, February 15, 1921.

On this day personally appeared before me, a Notary Public, one E. M. Davies, who first being duly sworn, deposes and says; that

"I suffered from a malady known as paralysis of the vocal cords and that I was unable to speak a word above a whisper over a period of fifteen months and that I consulted several physicians and sought a different climate for relief without obtaining any. That in December of the year Nineteen hundred sixteen I consulted DR. P. H. GRIGGS, located at Jacksonville, Illinois, and took nine Chiropractic Adjustments in nine consecutive days and that my voice returned and I have been free from the said affliction ever since. Chiropractic Spinal Adjustments and nothing else cured me."
